Important: we are still looking for a francophone parent for the communication committee

This new committee is about to be created, thanks to an anglophone parent. However, we need a second parent francophone for the translation. Please let us know if you are interested.

For your information: CSF school board consultation

The CSF has just launched a consultation on a new policy: "Use of Information and Communication Technologies". This consultation will be held until April 27.

The Parents' Federation would like to hear from its members about the proposed changes to support the feedback that will be submitted to the CSF.

In attachments and links, you will find (in French only):

- The text of the policy as proposed by the CSF ([P-P-901 Information and Communication Technologies](#)); this document includes spaces to put your comments.
- The administrative guidelines as proposed by the CSF ([DA-901-01 Deployment, forms and procedures manual](#), [DA-901-02 Partnership with Community Organizations](#), and [DA-901-03 Language of Use](#)); Administrative guidelines are not subject to consultation.

We invite you to send us your comments and suggestions by April 24, by email at info@fpfbc.bc.ca. The Francophone Parents' Federation will send their feedback to the CSF based on comments and suggestions received from you all. In addition, you can also choose to send your comments directly to the CSF at: consultationpolitique@csf.bc.ca.

Looking forward to seeing your parent association take part in this consultation!
